## Financial Tip

### Your most important Asset is YOU ~ Protect it!

Three out of the four major Insurance policies can be paid for through your Superannuation *ie Life, TPD and Income Protection Insurance*, and that means you can protect your family without it affecting your weekly cashflow.

Fact: 95% of Australian families do not have adequate life insurance\*.

The only way to protect you, your family and your home if you get sick or injured and can't work is through adequate insurance coverage.
