## Staff News: Goodbye Rob and Welcome Tamara

After joining McLauchlan & Partners four years ago, Associate Planner Rob Chester has decided to take a six month break from Financial Planning to travel the world with his partner Claire starting in South America.

In 2006 Rob graduated from Griffith University with a Bachelor of Business majoring in Accounting and Finance. During his employment Rob has successfully completed his Diploma of Financial Planning and his Advanced Diploma of Financial Planning

"I've enjoyed working at McLauchlan & Partners and am sad to be leaving. Alex and Andrew have always been so supportive both professionally and personally. The experience and knowledge I have gained whilst working alongside Alex and Andrew has been priceless," said Rob Chester.

With Rob's departure we welcomed Tamara Gillman as Associate Planner in mid June after working for the St George bank for over two and a half years.

Graduating from the University of Queensland at the end of 2006, Tamara completed a double degree in Business Management and Arts.

Tamara comes from the St George Bank where she worked closely with the bank's Financial Planning department and developed a passion for Financial Planning.

This new found passion drove her back to the books and after studying for two years she successfully completed her Advanced Diploma of Financial Planning graduating in early 2010.

Long term Tamara would like to further her studies in Financial Planning and has set a goal to complete the Certified Financial Planners program to become a Certified Financial Planner at McLauchlan & Partners.
